

HOW TO ACCESS SAFETY DATA SHEETS ELECTRONICALLY

Globally Harmonized System (GHS)

GHS Labels

The illustration below identifies the components of a GHS label. Actual label design and layout may vary and are subject to the discretion of the competent authority.

GHS Pictograms

Pictured are the standard hazard symbols used in the GHS. Symbols can be used individually and in combinations to define the specific hazard(s) of the chemical.

GHS 1.4.10.5.4.1 Location of GHS information on the label

"The GHS hazard pictograms, signal word, and hazard statements should be located together on the label. The competent authority may choose to provide a specified layout for the presentation of these and for the presentation of precautionary information, or allow supplier discretion."

For more information, please consult the United Nations Economic Commission for Europe (UNECE) and the Occupational Safety & Health Administration (OSHA).

Note: The information included in this poster is believed to be accurate and current. However, Accufirm makes no warranty to that effect and is not liable for how this product is used. Users are responsible for determining the product's appropriateness for their respective applications. R.2011.

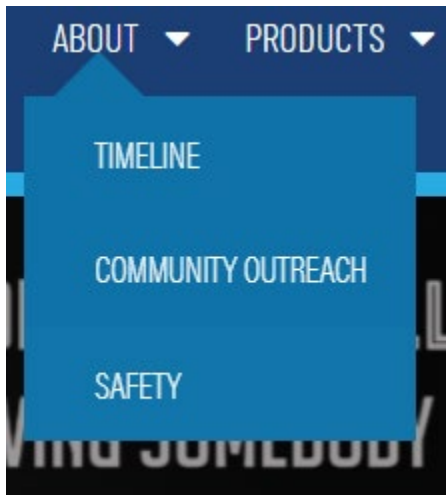

1. Visit our website

2. Find the “About Us”

3. Hover over the tab and select “Safety”

4. Scroll down to “Your Facility”

Your Facility

We offer the convenience of digital Safety Data Sheets that may assist you as you use our chemically sensitive products.

5. Click the hyperlink “Safety Data Sheet Index”

[Safety Data Sheet Index](#)

6. Click on a search box and input info. Click the item number to view the Safety Data Sheet in a separate tab.
